

# Learning outside the classroom

## Teacher Taster Sessions

28th Sept and 12th Oct

- *Are you looking for some inspiration for your lesson plans?*
- *Want to make teaching and learning fun for your pupils?*
- *Do you want to network with like-minded people and discover new areas of support for LOTC in your region?*

The [Council for Learning Outside the Classroom](#) is delivering a series of learning outside the classroom (LOTC) Teacher Taster sessions and we'd love you to take part.

LOTC is a powerful tool for teaching and learning which provides memorable experiences beyond the classroom walls and contributes to improved behaviour, motivation and attainment. Whether you are an ITT or PGCE student, NQT or a seasoned teacher in the primary or secondary phases, discover first-hand the value and benefits of learning outside the classroom.

These half day sessions will offer talks, practical demonstrations and group activities from LOTC providers regionally. Spark your imagination and consider how you can introduce regular LOTC into your teaching practice. It is an excellent opportunity to network with like-minded people, find out more about LOTC, and learn about the support available to you.
